

DAY 1

TIME	CATEGORY	SPEAKER	SESSION TITLE	SESSION DESCRIPTION
09:00 - 09:05	Welcome & Housekeeping	Richard Prior		Open Finance around the world
09:10 - 09:20	Welcome	Richard Prior	Welcome	
09:20 - 09:30	Sponsor Showcase 1			
09:30 - 10:20	Panel Session 1	TBD	Where we are and where we need to go: Global Progress in Open Finance	In an international overview, FDATA's Region Directors showcase the journey of major markets in relation to open banking/open finance, and the application of open data across industry verticals
10:20 - 10:30	Sponsor Showcase 2	TBD		
10:30 - 11:20	Panel Session 2	TBD	Lessons learned - so far....	What universal truths do we know from existing implementations, and what obvious mistakes need to be avoided/ Why is it taking so long to get OB implemented globally? How does open finance regulation differ across the globe and how is it alike?
11:20 - 11:30	Sponsor Showcase 3	TBD		
11:30 - 12:00	Coffee Break/Networking	TBD		
12:00 - 13:00	Panel Session 3	TBD	Why Open data systems should not be left to the Market to devise	What environment is required to unleash the full potential of an open data economy? Is Open X a matter of competition or should it be driven by a consumer data right? How is balance achieved between regulation and market incentives?
13:00 - 14:00	Lunch and Networking			
14:00 - 14:50	Panel Session 4	TBD	Open Data Use Cases	Emerging business models and what is needed to get to open data, from a regulatory perspective and for businesses in terms of data access
14:50 - 15:00	Sponsor Showcase 4			
15:00 - 15:30	Coffee Break/Networking			
15:30 - 16:20	Panel Session 5	TBD	Interoperability across a global open data economy	How to account for existing regional development. Does being tech agnostic help or hinder the evolution of Open X? How do we integrate other industries that have different requirements to Financial services? How do we deal with ecosystem isolation based on various technical approaches in adoption? The importance of trustworthy digital identity frameworks and harmonising the use of W3C standard like decentralised identifiers and verifiable credentials.
16:30 - 16:45	Sponsor Showcase 5	TBD		
16:45 - 17:00	Sponsor Showcase 6	TBD		
17:00 - 17:30	Day 1 Wrap up	Richard Prior		
17:30 - 19:30	Networking Drinks			Key points from Day 1

DAY 2

TIME	CATEGORY	SPEAKER	SESSION TITLE	SESSION DESCRIPTION
08:45 - 08:55	Welcome & Housekeeping			
08:55 - 09:05	Sponsor Showcase 7			
09:05 - 09:55	TRACK Sessions 1	TBD	Commercial Track 1	How to build organisational resilience given the unpredictability of - and the intersectionality of - regulatory vs. market vs. standards led initiatives
		TBD	Technical Track 1	Interoperability standards: harmonising regional variations in the era of rising nationalism
		TBD	Regulatory Track 1	Diverging & Converging Regulatory Frameworks as manifested across Latin America, and shown in FDATA LATAM's recent research for the IDB.
09:55 - 10:25	Coffee Break/Networking			
10:25 - 11:15	Track Sessions 2	TBD	Commercial Track 1	"Agility, bringing viable propositions to market Entering new markets: Can your business model travel?"
		TBD	Technical Track 1	Directories & Trust Framework intersectionality in open data economies
		TBD	Regulatory Track 1	Fraud Prevention and Economic Crime" keeping up with the fraudsters and using open data to identify economic crime faster
11:45 - 12:35	TRACK Sessions 3	TBD	Commercial Track 1	How to monetise data ethically: is it black and white or shades of grey?
		TBD	Technical Track 1	Best Practice Buy, Build or Integrate?
		TBD	Regulatory Track 1	Consumer Protection in the Open Data age: how to create cross industry liability frameworks; does a consumer data right have inherent protections and when does a regulation step back to let the market find the solution?
12:35 - 13:35	Lunch and Networking			
13:35 - 13:45	Sponsor Showcase 8			
13:45 - 13:55	Sponsor Showcase 9			
13:55 - 14:45	Panel Session 1	TBD	Commercialising Open Finance	The rise of embedded finance and BaaS. How long will it take to get live Open Data use cases to go live in the market? Monetizing open data: APIs - what is the demand, and what is the use case roadmap (i.e. do these require schemes)? Open banking/open finance is good news for banks/FIs!
14:45 - 14:55	Sponsor Showcase 10			
14:55 - 15:25	Coffee Break/Networking			
15:25 - 16:15	Panel Session 2	TBD	Fintech's Social Impact	Fintech has been flouted as a game changer, but only within the regulatory framework that permits safe, secure, and fair data exchange. So, how, in the context of open data, can we really ensure that fintech promotes social justice, inclusion, ESG, and protections for vulnerable customers? What can we expect good to look like in an open finance and open data environment?
16:15 - 16:25	Sponsor Showcase 11			
16:25 - 17:15	Conclusion and Next Steps	Richard Prior		
19:00	FDATA Award 2022
